

PHARMACEUTICAL QUALITY POLICY

The strategic goal of MiraxBioPharma in the field of quality is to saturate the market with modern, effective and safe original medicines that meet the requirements and expectations of consumers.

The main task of the organization in the field of quality is to ensure consumer confidence in the reliability, accuracy and objectivity of the information received about the chemical composition of raw materials and products of MiraxBioPharma, the production of modern, effective, safe and high-quality medicines.

The MiraxBioPharma's goals in the field of quality are:

- expansion of the nomenclature of priority groups of drugs;
- continuous development of production;
- maintaining high quality of the finished product and continuous improvement of processes;
- increasing production efficiency.

The goals and objectives in the field of quality are achieved through:

- approval of clear powers and responsibilities of employees for the quality of manufactured products, from enterprise managers to direct executors of the production process;
- involvement of highly qualified specialists with appropriate professional training and work experience in the implementation of the process;
- personnel development based on external and internal training and mastering of best practices;
- implementation of production processes only in accordance with external and internal regulatory documents;
- development and implementation of new technologies for the production of medicines in accordance with GMP requirements;
- validation of critical stages of the technological process and control procedures;
- implementation of automation and computerization of production;
- compliance with sanitary and hygienic requirements for pharmaceutical production;
- cooperation with foreign companies in the development and production of medicines;
- precise fulfillment of accepted contractual obligations;
- continuous development and improvement of the pharmaceutical quality system based on the GMP requirements reflected the Decision of

the Council of the Eurasian Economic Commission dated November 3, 2016 No. 77, Federal Law No. 61, and ISO 9001.

The management of MiraxBioPharma undertakes to follow this Policy and provide the necessary resources for its implementation by all employees.
